

Index

A

AAIS, **192, 215, 216, 219, 371**

Abbreviations and acronyms, **226, 472–483**

aerodrome, **173, 183, 184, 185**

aircraft type, **178**

GAF, **124, 130**

location, **118, 136, 173, 183**

see also meteorological abbreviations and codes

Accidents and incidents, **071–074, 087, 102, 424, 425, 429, 434, 440, 461, 499, 435, 445**

air safety incident report (ASIR), **073**

immediately reportable matters (IRMs), **071, 072, 073, 074**

loss of control, **434**

reporting to the ATSB, **071, 073, 432**

routinely reportable matters (RRM), **071, 072, 074**

voluntary reporting – REPCON, **074**

see also collision prevention; hazards; reporting

ADIZ, **323–328**

diversion, **325, 12**

establishment, **230**

identification within, **323**

interception, **325–328**

radio signals, **328**

transponder activation, **323**

visual signals, **326–327**

see also military operations

ADS-B capability, **181, 182, 197, 231, 233, 259, 325, 415, 418, 419**

ADS-C capability, **183, 325**

Aerial application operations, **xi, 016, 017, 050, 161, 255, 283, 301**
see also private pilot

Aerial work operations, **xi, 33, 49, 61, 183, 184, 283, 300, 331, 334**

AERIS, **152, 153**

Aerobatic flying, **011, 020**

at night, **050**

over populous areas, **050**

see also formation flying

Aerodrome flight information service (AFIS), **192**

Aerodrome forecasts, **077, 088, 134, 135, 144, 146, 319**

amended, **136**

including FM or BECMG, **141**

see also TAFs

Aerodrome frequency response unit (AFRU), **358, 369**

Aerodromes

ballooning operations, **255, 296, 361**

displaced threshold, **069, 070**

frequencies, **230, 257, 271, 281, 286, 287, 290, 291, 294, 371, 374, 381, 406**; *see also* AFRU

lighting, **320, 321, 322**

markings, **065**

terminal area charts (TACs), **004, 117, 118, 119, 120, 311**

see also airspace; alternate

aerodromes; controlled aerodromes; non-controlled aerodromes; runways

Aerodrome weather information service, *see* AWIS

Aerodrome weather reports, **136, 142, 144, 146**

Aeronautical charts, *see* charts

Aeronautical ground lights, **287, 485**

Aeronautical Information Circular (AIC), **004, 230**

AFIS, **192**

AFRU, **358, 369**

Air Defence Commander, **324, 325**

Air defence identification zone, *see* ADIZ

Aircraft

callsigns, **151, 153, 154, 170, 177, 236, 269, 281, 285, 288, 291, 357, 370, 373, 374, 379, 381, 384, 403, 408, 411, 453**

equipment, *see* equipment and instruments

failures, malfunctions and defects, **030, 072, 088, 095, 300, 347, 434, 456, 502**; *see also* daily inspections; tests and testing

fuel, *see* fuel and oil

landings, *see* landings

lights, *see* lights and lighting

maintenance, pilot, **058–059**

specifications, **516**

speed, *see* aircraft speed

take-offs, *see* take-offs

taxiing, *see* taxiing

weight and balance, *see* weight and balance

Aircraft speed, **050, 051, 052, 055, 061, 062, 088, 091, 093, 094, 149, 151, 153, 157, 185, 186, 187, 208, 249, 250, 252, 254, 257, 308, 331, 333, 353, 371, 378, 391, 428, 434**

circuits, **245, 246**

ground, **256**

holding, **108**

limits and limitations, **052, 203, 221, 285, 428**

maximum, **244, 341**

stall, **094, 254, 434**

supersonic and transonic, **203**

Aircraft controls, *see* controls

Aircraft Owners and Operators Association, **428**

AIREP (air reports), **148**
special, **151**

AIRMET, **095, 131, 148**
see also meteorological conditions and forecasts; SIGMET

Airspace,

ADIZ, **230, 323, 324**

air traffic services provided by airspace and class of operation, **224**

balloons, *see* ballooning operations,
boundary information, **120, 224, 260, 283**

broadcast areas, **230**

classification, **220–230**

clearances, *see* clearances

common traffic advisory frequency,
see CTAF

Designated Airspace Handbook, 005
frequency management, *see* frequency
management

lanes of entry, **230, 287**

level changes, **379, 398**

parachuting, *see* parachuting

route (track) deviation, **263, 273, 274, 289, 323, 375, 398, 399**

separation of aircraft, *see* separation
see also Class A, B, C, D, E or G
airspace; controlled airspace; non-
controlled airspace; prohibited,
restricted and danger areas

Airspeed, *see* aircraft speed

Air traffic services, **023, 077, 101, 197, 224, 260, 364, 430, 435**; *see also* ATS

Airways clearances, *see* clearances

Alcohol, *see* fitness to fly

Alerting services, **187, 197, 233, 259, 260, 341, 368, 435**

hazards, **191, 195, 198, 237, 261**

operational, **192, 197, 259, 260, 368**

SAR alerting, **154, 237, 348**

Alternate aerodromes, **76, 77, 79, 80, 81, 99, 100, 101, 105, 107, 108, 153, 154, 163, 174, 183, 209, 319, 320, 321, 322, 327, 441**

helicopters, **335**

night flying, **82**

not required, **080, 320, 321**

restrictions, **83**

Alternate meteorological minima, **79, 82, 163, 198, 319**

Altimetry, **215–219**

pressure altitude, *see* pressure altitude
QNH and site elevation, **215, 216, 219**
see also altitude; equipment and
instruments; QNH

Altitude, **008, 082, 091, 092, 094, 104, 106, 121, 124, 141, 149, 151, 185, 231, 235, 248, 249, 251, 254, 255, 258, 267, 272, 277, 280, 284, 286, 287, 288, 290, 294, 313, 323, 324, 340, 342, 343, 380, 382, 434, 456, 470**

LSALT (lowest safe altitude), **119, 203, 310, 311, 312–318**
